Safety System Products

MOSAIC MCT1

Your advantages

- decentralized structure possible
- Connection for 1x bus line
- up to 50m for each individual connection (250m total)

[To the downloads ►](#)

we simplify safety

MOSAIC MCT1

By using the MOSAIC MCT modules, parts of the MOSAIC system can be decentralized housed in separate control cabinets and connected to the MOSAIC M1 main module via a secure internal bus. It can cover up to 50m for each single connection and a maximum of 250m. For this the cables MC25, MC50 and MC100 are available.

The MOSAIC MCT 1 module contains 1x connection for one bus line.

General data

Type designation	MOSAIC MCT1
Item number	SP-R-11-000-58

Environmental conditions

Max. storage temperature	-20 ... +85 °C
Max. operating temperature	-10 ... 55 °C

Mechanical data

Height	108 mm
Width	22,5 mm
Length	114,5 mm

Equipment

Safe control technology

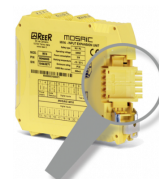

MOSAIC HM1
