Safety System Products

XCONN Y4-M12

Connection module EDI C7

Your advantages

- Reduction of the wiring effort
- Only one cable for emergency stop, electro-sensitive protective equipment and reset button goes to the control cabinet
- Acknowledgement function of the light curtains without external wiring
- Plug & Safe

we simplify safety

XCONN Y4-M12

Requirements for safety light curtains: If a light curtain can be accessed, it must be acknowledged via a reset button. Automatic start-up of a system is not permitted.

General data

Type designation	XCONN Y4-M12
Item number	SP-X-33-000-76
Functional type	Connection module EDI C7

Electrical data

Connector 1

Connector	M12 female connector
Pin numbers	8-pin
Function	Connection EDI C7

Connector 2

Connector	M12 female connector
Pin numbers	8-pin
Function	Connection EDI C7

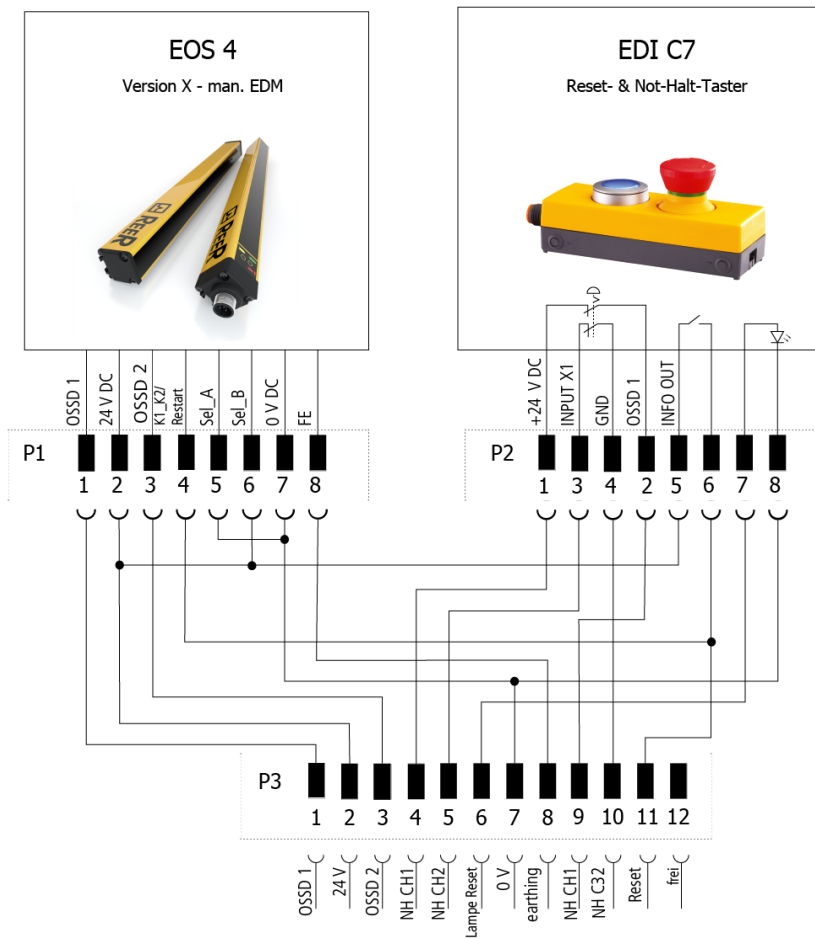

Connector 3

Connector	M12 male connector
Pin numbers	8-pin
Function	Connection EDI C7

XCONN Y4-M12
